

Believer

Only one you said was three,
Sullenly I guaranteed.
Standing right in front of me,
My Sunday greed.

I'll be here until it's right,
could be here til Sunday night.
Holy roller see me rise,
Eye for an eye.

Stand tall, I'm a believer.
Wishing for the words to carry on.

One and one was all I'd known
Born along the straightened road.
When the fevers taken hold,
I'm feeling bold.

Risking chance to take what's mine
Deviating from line
Losing site, losing time,
I lose my mind...

Stand tall, I'm a believer.
Wishing for the words to carry on.
Stand, fall, I'm a believer.
Wishing for the words to carry on.

Stand tall, I'm a believer.
Wishing for the words to carry on.
Long call, I'm a believer.
Wishing for the words to carry on.
