

warsaw

by kris orlowski

suck on you, I couldn't change it if i wanted to, my arms are down,
and still my attitude is lying naked in your arms Lean on me, memories
ripe from all the tragedy, i'm calm, i'm calm when you're whispering
of older days, when life was grand

time won't stop
with words we walk
i know not
where we will meet

Stuck on you, i couldn't change it if i wanted to,
my arms are down, and still my gratitude
is lying naked in your arms
fear is mean, it drives me farther from reality
i fall, ayla to be needed
In hopes that maybe that's the plan

time won't stop
with words we walk
i know not
where we will meet

i won't let you define me
i will live it all today
won't let you define me
living my own way
won't let you define me today --

warsaw, feel it, one time, oh and I feel it warsaw, feel it, one time,
grow with that feeling warsaw, feel it, one time, grow with that
feeling warsaw, leaving, leaving
